### **Budget**

The Board of Education (Richmond) recognizes its responsibility to prudently administer the funding provided by the provincial government, to be used for the provision of education programs. The Board regards the annual budget process as an important way to improve communication and budget setting engagement, both within the school system itself and between the Board, staff, stakeholders and the residents of Richmond.

The Board of Education (Richmond) will ensure an inclusive, transparent annual budget process that is aligned to its strategic plan and budget guiding principles.
