

Provision of Menstrual Products to Students

The Board of Education (Richmond) is committed to providing menstrual products to students who may require them.

Every student in the Richmond School District should have access to healthy and effective learning environments. The public school system is expected to promote gender equality and create an inclusive learning experience for all students. Lack of access to menstrual products can impact a student's ability to engage in their school experience and can negatively impact their social-emotional well-being. Providing students with convenient access to free menstrual products helps to support their full participation in school activities, reduces stigma and promotes gender equality.
