Policy 504.6

School Safety Patrols

Crosswalk Supervision

While recognizing that pedestrian traffic is primarily the responsibility of the Municipal Council, the Board of Education (Richmond) agrees that assisting with School Safety Patrols at selected intersections may be appropriate. To this end, the Board of Education (Richmond) shall develop appropriate regulations to govern the School Safety Patrols and shall make budgetary provisions for the placement of these patrols. The Superintendent of Schools shall be responsible for establishing liaison with the municipality, the local police detachment, and other agencies which may be interested.
