

FACILITIES

Policy 701.2 **(previously Policy 901.2)**

Capital Project Design Review Process

The Board of Education recognizes the need to enable conceptual and developed design proposals for new, expansion or replacement district facility projects, or projects involving significant upgrades or renovations to district facilities to be seen and commented upon by all interested parties at appropriate stages and thus to promote effective planning and enable general support of the final design.

The design process will be under the general direction of the Facilities Services Branch, with a Project Design Advisory Committee established for each project.
